March 23, 1946.

Mr. A. Manley
71 Crawford Street
Newark, N. J.

Dear Sir:

It is in behalf of a former soldier and athlete that I am writing to you.

I was informed recently that this particular individual was offered a contract to play for a southern team which has membership in the Negro American League. Also that the above mentioned has stated he would rather stay and play for a northern club.

Money is not his objective. He wishes to get back into the work he likes best. He will be completing his education at Springfield College this fall in Physical Education, and is an outstanding example of clean manhood, with great athletic ability.

Hoping you give this letter your most thorough consideration.

Yours truly

William S. Carden
Activities Secretary
